

Marine Advisor Training Impact System (MATIS)®

Purpose

- Track advisor effectiveness
- Determine overall impact in theater
- Measure training progress and mission accomplishment
- Assess host country readiness to assume security operations
- Assure timely, representative, actionable mission relevant feedback

- I MEF OIF Transition Teams improved in every category of assessment between September 2008 and September 2009. MATIS improvements are statistically significant (beyond chance variation) $p \leq .01$, with the exception of *Work with interpreter(s) to communicate*.
- Impact categories were derived from debriefs with returning Marine Advisors. Scores reflect the level of preparedness to accomplish the mission.
- Sample: 62 Transition Teams (649 Marines and Navy Corpsmen)
